Subject: RE: Re-appointment to ZBR

Hi Leigh and Rick,

Ashley has near perfect attendance at ZBR meetings since her original appointment in 2014. Ashley is a landscape architect and is capable of reading and interpreting site plans which is very valuable to the board dominated by lawyers. Ashley defines professional, comes prepared to meetings and has the rationale to make conscientious and fair decisions. I have enjoyed having her as a board member and hope she continues to volunteer her time.

Thanks

Lea
