Re: Town Electricity Contract – 3 Years

The Rhode Island League of Cities and Town electricity aggregation program in Rhode Island know at the Rhode Island Energy Aggregation Program (REAP), has a “Master Agreement” which will be used for the purchasing 3 years of electricity. The League did a RFP in 2018 and ranked the proposals.

The REAP selected a joint proposal from Constellation NewEnergy (Supplier) and PowerOptions (nonprofit energy aggregator and advisor). The current REAP contract continues through May 31, 2022, with an opportunity to extend. The proposed electrical rates will be submitted as the Monday, June 10th rates. Constellation will honor theses rates if the market is stable the next day. If not, there will be a market adjustment.

I recommend award of a 3 years contract with the supplier, starting in December 2019, to:

Constellation NewEnergy (Supplier).
