We received an invoice today from an auto glass installer, and I called the number listed to find out what it's for. The company repaired a window on a vehicle that was hit by a rock when a Parks Dept. employee was weed-whacking nearby. Documentation, including a police report, is attached for review. The invoice is written from the glass installer to the Town of East Greenwich.

On 08/31/17 I Lt. Siple along with Ptlm. Imbriglio were on a post at swift gym when Ptlm. Imbriglio observed the passenger front window of a vehicle get damaged by a town employee. The vehicle was RI (SW-226) on a 2008 Toyota Yaris color orange which was parked in a marked handicap parking space. Ptlm Imbriglio witnessed Town of East Greenwich employee Dan Macdonald using a power weed whacker near the Toyota. He then saw the passenger front window shatter. I walked over and saw the damage and advised Dan Macdonald as to what happened. He was unaware due to the noise of his tools. I then went into swift gym and notified the vehicle owner Gloria Walker of the damage. Bill Pagliarini from parks and grounds responded and was advised of the damaged window. DPW worker Charlie Phillips and Dan Macdonald cleaned the glass up from the ground and from inside the vehicle. Mrs. Walker was advised there would be a report on file. Photos were taken and attached to this report.

Lt. R. Siple #114
